Governor Stuart lauded Richmond's
old hospital to the 20th campaign-
ers in the cause of the sick. At
yesterday's team luncheon, and
presented at the pretty ceremony of award-
ing the pennant of the "high team" in
the day's reports.

Governor had lunch with the
workers, sitting with Chairman W. R.
Oppenheimer and Mrs. John B. Light-
foot, chairman of the building com-
mittee. A salvo of applause greeted
him when Chairman Oppenheimer in-
troduced him as the friend of every al-
truistic movement in Richmond.

"Looking around me, and hearing
the reports from your teams," said the
Governor, "I'm convinced that the
retreat campaign is going to win a
great victory. Our friends, the ladies, always get what
they want, you know, when they tell
us what it is. It is the things such
as this hospital movement that are the
latent flower and the most beautiful
flower of our Christian civilization. I
know the people of Richmond will
manifest their appreciation of this
institution by a generous response."

MRS. SCOTT RECEIVES

Team T-1 led yesterday's team re-
ports, and its captain, Mrs. James C.
Scott, therefore won the honor of re-
ceiving from the hands of the Govern-
or the silk flag that constitutes the
"high team" badge, each day. The
workers were brought up standing,
when the Governor, on receiving the
banner from Chairman Oppenheimer,
lifted it above his head, exclaiming:
"I thank God this flag flies today
from nearly every house in Richmond!"

The campaign workers still are de-
termined to touch the \$100,000 mark to-
day. They have until Thursday to
raise the \$12,000 fund. Several sub-
stantial gifts, assured Chairman Op-
penheimer and his cabinet, have not
yet been formally reported in. Every
team but one was represented in yester-
day's noon report. The total num-
ber of pledges turned in yesterday
was 271, or an average of a little less
than \$24 per contributor.

CALOMEL MAKES YOU SICK, UGH!

"Dodson's Liver Tone" better
than calomel and cannot
salivate.

Calomel loses you a day! You know
what calomel is. It's mercury, quick-
silver. Calomel is dangerous. It
rushes into your bile like dynamite,
corroding and sickening you. Calomel
attacks the bones and should never be
put into your system.
When you feel bilious, sluggish, con-
stipated and all knocked out and be-
lieve you need a dose of dangerous
calomel just remember that your drug-
gist sells for 50 cents a large bottle of
Dodson's Liver Tone, which is entirely
vegetable and pleasant to take and is
a perfect substitute for calomel. It is
guaranteed to start your liver without
stirring you up inside, and cannot
salivate.
Don't take calomel! It makes you
sick the next day; it loses you a day's
work. Dodson's Liver Tone straight-
ens you right up and you feel great.
Give it to the children, because it is
perfectly harmless and doesn't gripe.

Retreat Team Receives Pennant From Governor Stuart's Hands

From left to right (in front row)—Mrs. J. O. Scott, captain; Mrs. S. E. Cowin, Mrs. W. H. Jenks, Mrs. W. T. Dabney, Mrs. George F. Vose and Mrs. Thomas O'Reilly. This team reported \$1,134 yesterday, and has turned in \$7,870 during the seven days ending yesterday, or at the rate of over \$1,100 a day.

NAVY SEEKS TO ENROLL 500 MORE PHYSICIANS

Want Civilians for Naval Reserve
Force, Subject to Call in Time
of War.

To meet the need of the United States
Navy for surgeons, the department has
authorized the enrollment in time of
peace of 500 civilian physicians in the
Naval Reserve Force, subject to call
in time of war. When in service the
men will not be sent to sea, but will
be assigned to coast-defense work at
base hospitals, shore stations and re-
cruiting offices. The physicians will
be enrolled with the rank of lieutenant,
junior grade, and when in active
service will receive the regular pay
of \$2,000 a year, in addition to an al-
lowance of \$32 for quarters.

The new medical reserve is more at-
tractive than the old recruiting of-
ficers pointed out yesterday, in view
of the fact that it provides for the
payment of a liberal stipend for in-
time of peace and holds out the pos-
sibility of systematic promotion with
consequent increase in pay. The re-
tainer pay, which the physicians re-
ceive in time of peace, after equal to
two months' salary annually. When
in active duty the retainer fee is con-
tinued, so that for a year's service
the medical reserve officer will re-
ceive fourteen months' pay.

Appointment at first is provisional,
and must be confirmed by the can-
didate's serving a brief period in the
navy and passing an examination. The
preliminary examination of candidates
will be given in Richmond by Lieuten-
ant Michael Boland, passed assist-
ant surgeon of the navy attached to
the local recruiting office.

Enrollment is for four years. At the
time of the third enrollment, the phy-
sician will be advanced to the grade
of lieutenant, which is equal to that
of captain in the army. At the fifth
enrollment, according to the law gov-
erning the reserve force, he will be
advanced to the grade of lieutenant-
commander, which is equal to that of
major in the army. After twenty
years' service the physician may re-
tire, retaining his rank and receiv-
ing a large gratuity.

HELD FOR GRAND JURY

Beverly Edmundson is charged with
Transporting Liquor Illegally.

Beverly Edmundson, colored, was held
for the grand jury yesterday in the
Police Court by Justice Crutchfield on
the charge of illegally transporting
liquor. The man was arrested at the
Hyd Street Station Saturday night by
Patrolmen Poseman and Moore and ten
and one-half quarts of whisky were
found in his suit case. Two hearing
of James Robinson, colored, charged
with selling liquor, was continued un-
til Friday.

Justice Crutchfield continued until
April 11 the trial of W. J. Smith,
charged with transporting whisky,
who was arrested Sunday at Elba Sta-
tion with one quart and one pint
of liquor in his possession. Alonzo
Mills, who was at liberty under bond
for a similar charge, failed to ap-
pear in the Police Court when his case
was called. The court ordered his
bond forfeited, and an attachment for
his arrest, was issued.

Phils of Quorum.

Because of the lack of a quorum, the
Council Committee on Streets last
night failed to take up the question
of the advisability of instructing the
City Attorney to institute condemna-
tion proceedings to obtain a right of
way across the Marshall Street Viaduct.
Another meeting for this pur-
pose was called for 5 o'clock on Fri-
day afternoon.

MANY FLAGS STOLEN

Indignant Citizens Protest to Police
at Unpatriotic Action of
Miscreants.

Numerous complaints were filed yester-
day with the police and Boy Scouts
of the unpatriotic action of some one
in stealing a number of American flags
from the front porches of residences in
the West End. The thefts occurred
Saturday and Sunday nights, but in
every instance the police were unable
to recover the flags, which were with-
out identification marks.

Citizens whose flags were pilfered
expressed great indignation yesterday
at their loss, and threats were made
as to what they would do with the
thieves if they were caught were num-
erous. A large flag was stolen from
the front porch of E. C. Gardner at
318 West Grace Street, another from
the home of John Jordan at 192 West
Main Street, while the flag in front
of the Nurses' General Register, at 316
West Grace Street, was torn into
shreds.

There were numerous other com-
plaints filed with the police, and offi-
cers were instructed to be especially
watchful in an effort to catch the mis-
creants.

Howitzer Association to Meet.

The Richmond Howitzer Association
will hold its monthly meeting to-
night in the Howitzers' gymnasium, on North
Seventh Street. Important business is
to be transacted, after which a smoker
will be held and refreshments served.
Arrangements for the full-dress mili-
tary ball in honor of the active bat-
tery, which will be held on Friday
night, will be discussed.

HOW TO JUDGE A WOMAN BY HER HAIR

There is real common sense in
just noticing whether the hair is
neatness or good taste. If you are
one of the few who try to make the
most of your hair, remember that
it is not advisable to wash the hair
with any cleanser made for all pur-
poses, but always use some good
preparation made expressly for
shampooing. You can enjoy the
very best by getting some canthors
from your druggist, dissolve a tea-
spoonful in a cup of hot water.
This makes a full cup of shampoo
liquid, enough so it is easy to apply
it to all the hair instead of just
the top of the head. Dandruff, ex-
cess oil and dirt are completely
entirely disappear. Your hair will
be so fluffy that it will look much
heavier than it is. Its lustre and
softness will also delight you, while
the stimulated scalp gains the
health which insures hair growth.

THE VERDICT OF THE PEOPLE IN FAVOR OF IRONIZED PAW-PAW

The New Remedy—A Combination of Nux-Iron-Paw-
Paw—Soothes the Nerves, Transforms Weak, Ana-
emic Men and Women Into Perfect Health and
Gives the Stomach Abiding Strength.

READ THE TESTIMONY OF TWO RICHMONDERS

Both Mr. and Mrs. Mitchell, Residing at 2716 East Broad
Street, Are High in Their Praise of Ironized Paw-Paw.

Mr. Mitchell is a popular barber at
Seventh and Perry Streets, where the
Iron Man found him at his duties and
telling his customers about the great
merits of Paw-Paw. The Iron Man
found in Mr. Mitchell a great believer
and endorser of Paw-Paw. Mr. Mit-
chell said in part:

"I needed a tonic and something to
make me feel more like work. I took
Paw-Paw and found that it will do
everything that it is advertised to do.
I certainly shall take every oppor-
tunity to tell my friends and acquaint-
ances in need of a tonic to take Paw-
Paw. Just take this great medicine
and it will do the rest."

Ironized Paw-Paw has been favorably known throughout the whole world
for the past twenty years. There is no quackwork or necessity to praise its
value—thousands of people have done so. Go where you will, Paw-Paw is
known, and in presenting Ironized Paw-Paw (the addition being nux and iron),
we have achieved an unparalleled success, as the thousands of grateful testi-
monials come pouring in prove without doubt.

You have only to get a bottle, take it according to directions, and you will
never use any other tonic.

Now is the time to begin taking a tonic—tone up your system and prevent
your vital organs from becoming disordered or badly affected.

A system that is overworked or run-down requires a harmless stimulant.
Alcohol lifts, but lets you fall. Ironized Paw-Paw Tonic lifts and holds you.
Your druggist probably keeps it, but if he doesn't, the Iron Man can be seen
at T. A. Miller Co., also Tragle's, Grant's, Polk's, Miller's, Tarrant's, Childers',
Liggett's, Greenwald's, Chaff's and others. Headquarters for South Richmond,

the past week.
